### **Steve Anderson**

Journeyman's Progress is the debut solo album from guitarist and songwriter Steve Anderson. A founding member of melodic rock band, The Room; also a long-time member of progressive rock band, Grey Lady Down, and jazz-rock fusionistas, Sphere<sup>3</sup>.

### **Journeyman's Progress – Part One**

The eleven instrumental tracks featured are drawn from a variety of compositional origins and include a diverse and exciting range of textures; delicate acoustic melodies, layers of quirky percussion and brooding cinematic soundscapes combine with soaring lead lines and driving rhythms. Eclectic, playful and unpredictable.
